

※Limited to international residents. However, one Japanese national (over 18 years old) entry per international resident entry permitted.

Cycling Shimanami 2022

Entry + Hotel Package

Event Features

The only cycling event in Japan that takes place on an expressway

All courses include expressways traveling across the bridges from island to island. Participants are able to cycle on roads that are normally reserved for vehicles and enjoy a sense of freedom as they ride during this cycling event. Cycling Shimanami 2022 is the only cycling event in Japan where participants can ride on the main roads of an expressway.

International fun riding event using a world-class cycling course

Set in the "Setouchi Shimanami Kaido", a world class cycling course that was designated by the national government as one of the "National Cycle Routes" in November 2019, the event welcomes 7,000 participants from Japan and overseas. The cycling road runs through the scenic Setonaikai, where many small islands float on a calm sea. It is often referred to across the world as a "Sacred Place for Cyclists".

Join Japan's premiere cycle event stress free
